Repairable Damage Assessment Report

Repair Summary

Having examined the damage as presented, we have estimated repair times and methods, which are detailed below. The repair cost total is currently estimated at £6,835.20, which is sufficiently lower than the pre-accident value to consider the vehicle economically, safely and physically repairable.

This figure is an estimate based on a visual examination only, so may increase slightly for minor additional items. We recommend the vehicle is stripped thoroughly to check for any latent damage prior to ordering parts, or commencing work. If any supplementary damage is found above minor sundry items, repairers can inform us via Audatex or supp@laird-assessors.com and wait for further written authority before continuing.

Any other queries relating to the content of this report should be directed to query@laird-assessors.com and may be subject to additional fees.

We are not aware of any outstanding recovery or storage charges.

We have not authorised the repairer to commence repairs. We have calculated our own figures based on Audatex and/or Thatcham data, which should be sufficient for a repairer with the correct equipment and knowledge base to carry out such repairs.

Repair Duration

We consider that repairs will take approximately 8 to 9 working days, assuming there are no restrictive issues, inter alia, parts & sub-contractor availability, workshop loading, authority, etc.

Data

We have used [Glass](#)'s and [Cazana](#) guides and adverts from sites such as AutoTrader to assist with the valuation of the vehicle and have assumed the mileage reading displayed on the odometer is accurate and the vehicle has its appropriate documentation such as service history & MOT test certificate where applicable.

In order to mitigate losses we have carried out a basic inspection dealing with the vehicle's damaged area; we are happy to accept further instructions to confirm the identity, condition or roadworthiness of the remainder of the vehicle.

Repairable Damage Assessment Report

Automated / AI systems may be utilised for the extraction, transfer and structuring of data from source materials and third-party inputs. All matters of analysis, opinion and conclusion are the independent product of the appointed engineer, provided in accordance with their duty to the Court under CPR Part 35. No automated system has exercised judgement, discretion or influenced the opinions expressed within this report.

Statement of Truth

I confirm that I have made clear which facts and matters referred to in this report are within my own knowledge and which are not. Those that are within my own knowledge I confirm to be true. The opinions I have expressed represent my true and complete professional opinions on the matters to which they refer.

I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.

We appreciate your instructions and enclose our fee note for your kind attention, which we confirm remains payable irrespective of the outcome of this case. Please ensure this is passed to your accounts department.

Yours faithfully

Mr Proffit CAE AMIMI
