NATURE OF INCIDENT

The vehicle has suffered moderate collision/impact damage to the right hand rear, and moderate collision/impact to the left hand side.

ENGINEER'S COMMENTS

The mileage has been calculated from online MOT data.

The front and rear doors are made from aluminium.

02/04/2025 - Please note the vehicle is unroadworthy due to the extent of panel distortion sustained to the offside rear and nearside rear wheel.

16/4/2025 - UPDATED REPORT: - The vehicle owner has disputed our valuation and provided some market research as evidence to dispute the same. On review of this and through conducting our own, we feel the value is £5450.00

VEHICLE HISTORY CHECK

According to the Experian database; there is a plate change on record

UNRELATED DAMAGE

We noted the following damage on the vehicle which does not appear to relate to the claim under review and we have therefore classed it as unrelated damage; Scratches on bonnet, front offside door.

PRE-INCIDENT CONDITION

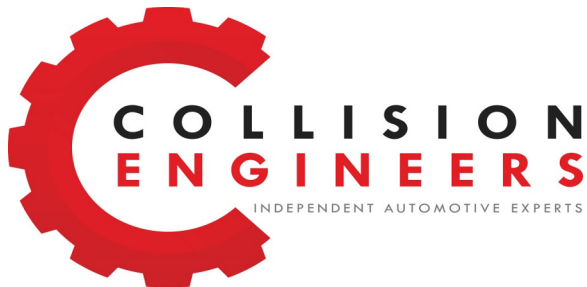

The vehicle is considered to be in good condition for its age and type.

SETTLEMENT

We consider that an equitable settlement would be £4,905.00 which represents the pre-accident engineer value of the vehicle of £5,450.00 less the value of the salvage of £545.00.

SALVAGE

Under the current salvage categorisation matrix this would be Category 'N' meaning there was no apparent structural damage evident within the scope of our inspection. Further information is available at www.abi.org.uk. We suggest that the sale of the salvage will realise in the order of £545.00. **We have not taken any action towards removal of the salvage at this time.**

Statement of Truth

I declare that I understand my duty in providing this report to the court and I confirm that I have complied with that duty. I understand that this duty overrides any other obligation. The report is based upon instructions received.

I confirm that I have made clear facts and matters referred to in this report are within my own knowledge and which are not. Those are within my own knowledge I confirm to be true. The opinions I have expressed represent my true and complete professional opinion on the matters to which they refer.

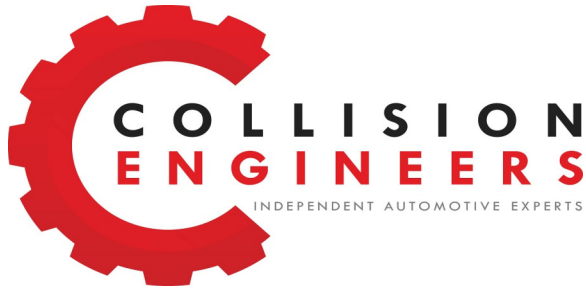

We have used Glass's Evaluator to assist with the valuation of the vehicle and Thatcham and / or manufactures data to compile the repair specification. Parts prices are subject to fluctuations and further damage may be found upon dismantling the vehicle. Our valuation is based on the mileage information provided and assuming that the vehicle has a valid MOT certificate (where applicable) to support such.

We appreciate your instructions and enclose our fee note for your kind attention, which we confirm remains payable irrespective of the outcome of this case. Please ensure this is passed to your accounts department.

Yours faithfully
