Dear Sirs

RE: Vehicle Valuation Report: Mr Graham Love 20/06/2025 VU68JVX

In accordance with your instructions received requesting us to provide an independent assessment, our findings are as detailed below:

Make	Vauxhall	Registration	VU68JVX
Model	Viva	Sub Model	SE
Exterior Condition	Good	Percayso Retail	£6,855.00
Engineers Value	£7,033.00	Mileage	22,740

Our valuation is based on the Laird Assessors Percayso value. Our Percayso (since re-branded to Cazana) is lower. This valuation provider has a 'live' value that fluctuates based on the available on line data. Given that the Laird Percayso value was done nearer to the accident to ours, this would be more fitting as a 'pre-accident value'.

We can see that the Defendant insurer is wanting to take an average of the guide values. This is not a recognised method to value the vehicle and is likely the insurers own internal policy. I have attached guidance from the FOS that advises to take the highest value.

To compile our report, we have reviewed the; repair specification and images of the vehicle, the mileage and date of loss. I understand the vehicle has been declared a total loss but the valuation is disputed.

We trust this meets with your requirements however should you have any further queries, please don't hesitate to contact us either by phone or by emailing us.

Yours faithfully

A Patterson M.Inst.IAEA
